## PETITION TO THE DIRECTOR UNDER C.F.R. § 1.181

Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Sir:

The Applicant for the above-identified United States patent application hereby petitions the Director under 37 C.F.R. 1.181 to accept the enclosed complete and true copy of the documents and computer-readable form of the Sequence Listing filed on September 24, 2003 in response to the Notification of Defective Response dated September 16, 2003. A copy of the postcard showing the stamp from the United States Patent and Trademark Office acknowledging receipt of these items is enclosed.

A copy of the Sequence Listing and computer-readable form were also previously submitted on September 19, 2002 in response to a previous Notification of Defective Response. Further, Paul Bell at the United States Patent and Trademark Office indicated on March 3, 2004 in a telephone conference with the undersigned representative of

the Applicant that a hard copy of the Sequence Listing is present in the file from when the application was initially filed and has been stamped by the United States Patent and Trademark Office as having been received. Therefore, the United States Patent and Trademark Office should not have required another submission of a hard copy of the Sequence Listing at all.

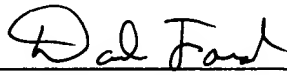

If for some reason, however, this petition cannot be granted, please consider this submission an additional response to the Notification of Defective Response dated September 16, 2004 and charge all necessary extension fees to Deposit Account No. 19-2090.

The Commissioner is hereby authorized to charge payment of any fees associated with this communication, including any petition fee, to Deposit Account No. 19-2090.

Respectfully submitted,
